## MINUTES of the meeting of the Curriculum Development Committee held at 9am on Tuesday 1<sup>st</sup> February 2022 Video Conference

Present:Saul Humphrey (Chair SH) Mike Dowdall (MD) Peter Lavende Rimmer (Principal) Ian Lomax (IL) Gemma Head (GH) Andre				
In attendance:	In attendance: Wendy Stanger (Director of Governance)			
W/22/02/1	Аро	logies and membership		
Apologies were	receiv	ved from Paul Nisbett (PN)		
W/22/02/2	Decl	larations of Interest		
There were the	follow	ing declarations of interest:		
Mike Do	wdalla	as an employee of the LEP		
It was agreed th	at this	declaration didn't preclude full participation in the meeting.		
W/22/02/3	To approve the Minutes of the meeting of the 28 September 2021 and any other matters raised previously not otherwise included in the Agenda			
The minutes of t	the me	eeting held on 28 September 2021 were agreed as a true record.		
The CEO advised that the development of the Boat Building College was not currently progressing as it was not cost effective but could be a line of enquiry within the curriculum review.				
W/22/02/4	Acti	on Log		
The action log w	as re	viewed.		
It was noted tha actions were no		his was an additional meeting of the Committee a number of the lue.		
The Director of Governance advised that a number of actions had been updated through reports to other Committees and this had been noted on the action log.				
Governors com	mente	d that they needed to be more specific when setting actions.		
W/22/02/5	Curr	iculum Plan Development Verbal Update		
The CEO gave a verbal update on curriculum planning.				
Governors noted that:				
<ul> <li>Adult offer recruitment rate behind allocation and this was predominately due to work based learning with employers not allowing or creating space for learning due to staff shortages.</li> </ul>				
<ul> <li>Areas of concern in curriculum planning are apprenticeships, Lowestoft Sixth Form College, engineering and T Levels.</li> </ul>				

The CEO advised that five T levels were due to commence at the College in September 2022. The digital offer had not been attractive to the market and would not now run. There were low numbers on the remaining four offers and these wasn't helped by lack of understanding from students, parents, schools and employers. T levels were 900 hours compared to other level 3 programmes that were 450/500 hours.					
Governors challenged if there was a national issue with T Levels. The CEO advised that T levels had under recruited nationally, those that were running were of poor quality and not all Universities were recognising them.					
Levels		ed that he would be updating the ESFA on the College's progress with T ussing how this would affect the funding that the College was receiving entation.

		Skills Reform: The Role of Governance in Collaboration and Meeting Local Needs			
		received and noted the various presentations that had been included to Committee for agenda item 6 and 7.			
W/22/0	)2/7	Local Skills Improvement Plans (LISPs) - White Paper and Trailblazers			
Paper	and the tr	nted the presentation. This set out guidance on LISPs from the White ailblazers. The application for a trailblazer in the area had not been LISPs would also link to the Levelling up white paper.			
Goveri	nors noted	d that:			
•	It was pr	oposed that LISPs would be let by Chambers of Commerce			
<ul> <li>Chambers of Commerce do not represent all employers and there are other employer organisations – have Chambers got the skills and resources to lead these</li> </ul>					
•	Result w	ill be Chamber of Commerce becoming commissioning bodies			
•	All trailbl	trailblazers led by Chamber of Commerce			
٠	How are	low are public sector employers represented in Chambers?			
•	Need to look at mapping employer groups to see who need to work with				
•					
•	Aim is ar	Aim is an employer route to shape curriculum			
•	Levelling Up white paper not likely to include any new monies may affect the future of the LEP				
•	marginal	ensure that the LISPs do not exclude community needed provision and curriculum that might not be specifically employer focused – tension community and employer need			
•	Need to	consider how validate curriculum and employer relationships per sector			
٠	Adult ed	ucation must not be forgotten
