ECC/23/05/4	Rolling Action Log	
The rolling action log was reviewed and no issues raised.		
ECC/23/05/5	Maths and English	
ECC/23/05/5.1	Curriculum Area Report	
ECC/23/05/5.2	Governor Visit to English and Maths	
The Assistant Prin	ncipal and Curriculum Manager for English, Maths, and Community date.	
Governors discus advised that due t GCSE Maths and access to higher I exam sitting but if demonstrated the there would still b		
It was discussed how English and maths could be a progression barrier. The Curriculum Manager advised that the usual profile for our students is that they see themselves as failing at these subjects and being forced to re-sit. There was a need for the College to contextualise the teaching and build a relationship with the students to get over this barrier. Additional support was also provided up to the exams with specific students identified who needed intervention. The CEO commented that to be a truly inclusive College, maths and English shouldn't be a barrier to entry and the College needed to reconsider its advertising of courses and entry requirements.		
Curriculum Manage the reduced pass through performant of staff leaving the	nged how quality issues in GCSE maths had been addressed. The ger advised that there had been some poor teaching that contributed to at the high grade rate. The underperformance has been addressed nce management and support but ultimately this has led to the member e College. This year the curriculum planning for maths was being further ler classes and streaming.	
need to improve s	ipal, Curriculum, Quality and Learner Experience said that there was a some teaching but there was also some excellent teaching with real in the team that can be shared to help others improve.	
	further details of improvements were in the Quality Improvement Plan d for the Curriculum area.	
quality of the Colle College's value ac was hoped to imp assessment the c	sed the value-add score and how this could be used to measure the ege's offer. The Curriculum Manager advised that last year the dd score was well above the National and Regional benchmark and it rove this year. The data would be available in October. In self- urriculum area would be looking at assessing at a level 2, this would be ttendance could be improved, and the final assessment would reflect	
	sed the students' view of the teaching. The Curriculum Manager tudent survey was currently out and this would be included in the area's eview.	
	mmented that at the Governor visit they had been impressed with the twas noted during the visit how much maths and English students had	

with teachers not	afraid to try new things.
	PART 1 AGENDA
ECC/23/05/9	CEO/Principal's Report
he CEO present	ed the report:
	npletion of audit work and curriculum planning KPIs have not been the May report.
	ulum plan has taken longer than it should but is now signed off and as t a new costing model approved to ensure contribution for eships.
which, the	et was now being drafted and was currently showing a large shortfall senior team were working to address, prior to the draft being d by Finance and General Purposes Committee.
Kier are de required. S design, co temporary will need t resources was now r	Yarmouth rebuild was progressing through a series of CEM meetings, ue to submit their bid and this will identify what value engineering is Staff and team consultation have taken place to refine the overall existences and create a plan for the enabling moves to avoid use of accommodation and protect student experience. Some of these works to be completed over the summer. This project is taking up senior especially that of the Deputy Chief Executive. The shape of the space ight but thought needed to be given to making it an exciting space that rove quality, especially in the level 3 market.
CEO advised that he number of par looding concerns	sed the Great Yarmouth rebuild and its aim to be carbon neutral. The the costs may be prohibitive and the roof space was not big enough for nels needed to achieve carbon neutral. The height required, due to the had reduced from 2.8m to 1.4m which would be a cost saving and the now not be noticeable. This would be reviewed further by the Estates
ecovery, quality r People and Wellb hat at the recent	sed the strategic priorities and the amber rating of apprenticeship recruitment and finance, ESFA Audit and staff retention. The Director of eing updated the Board on retention issues. The Vice Chair advised AOC Chairs/Vice Chairs' meeting staff retention and recruitment was issue by attendees, with some Colleges having to close recruitment due ges.
eaching staff. The certain trade area	d if retention and recruitment was an issue with support as well as e Director of People and Wellbeing advised that there are always s difficult to recruit to but the College was also now struggling to recruit here were more alternative opportunities available.
further. The Direc tight with consulta	ented that they hoped the establishment review would not disrupt staff tor of People and Wellbeing advised that the timeline for the review was ation commencing 6 th June and completing 30 th June. It was hoped to a small as possible to minimise disruption.
Companies result accreditation and	eople and Wellbeing advised it was hoped that the recent Best s would help with retention and recruitment. The College retained it's 1* moved up the league tables from 94th to 65th Best Large Company to Education and Training Provider nationally, and also 31st Best fast of England.

The Board congra	atulated the college on the improved Best Companies results which had	
	iring challenging times.	
ECC/23/05/10	Risk Register	
viable' had risen a risk had increased lagged funding ar College's income	vas reviewed and it was noted that the risk 'Failure to be financially and was now a red risk. The Deputy chief Executive advised that the d due to the funding audit, lack of recruitment to target, and the resultant ad the inflationary increases. It would to be further updated to reflect the profile and the increased risk due to the need to bid for funding which d low margin work and therefore needed volume to be cost efficient.	
included with futu	ttee Chair advised that they had asked for a covering report to be re risk registers which would act as a summary for members, setting out s and significant concerns.	
ECC/23/05/11	Management Accounts March 2023 to review	
College was still o budgeted and was still outstanding w would need to con	Executive presented the management accounts and advised that the on course to achieve an EBITDA of circa £2.1m which was above that is needed to retain a good financial health position. The VAT refund was with all VAT returns now filed. If not paid by December the auditors insider how this would be accounted for. The bank balance was showing a Apollo Project funding being paid in advance.	
ECC/23/05/12	Great Yarmouth HE Centre Lease Conditions	
The Deputy Chief Executive presented the draft lease conditions summarised in the report. The final lease would come for Board approval in October. It has been queried with the DFE if lease approval is required due to reclassification. The lease is for 125 years and breaks in the lease may occur after 40,60, 80, 100 and 125 years. A previous version of the draft lease proposed a break after 20 years and at the College's request this was removed as a break after 20 years would not give sufficient time for an acceptable return on investment. If either party exercises a break clause, the landlord, GYBC, has the right to terminate the lease of the other party. GYBC require this clause as if one party were to leave the building they would need to review the use of the whole building. The rent for the first forty years is a peppercorn and will be reviewed at each break date and there will be a sinking fund for maintenance.		
Governors noted that the business case for the HE Centre had been discussed and agreed at previous Board meetings and the documentation was available to governors.		
Governors challenged progress on procurement for the refurbishment. The CEO advised that the Council wanted to secure the lease first before letting the refurbishment contract but the roofing contract had been let. Governors noted that there had been political changes at the Council and that the new regime would need to be briefed.		
The Corporation	resolved to:	
 agree the take plac 	e in order to finalise the documents.	
	e in order to finalise the documents. Committee Reports for Information	

The Audit Commi	ttee Chair presented the report:	
reviewed funding a	usly mentioned the Funding Audit Report and action plan was to be at the July Audit Committee. Given the audit had just happened a mock udit was not required and the resources would instead be used for the acting Audit, the requirements of which had increased sustainably this	
	mittee challenged the Board to review in detail the future of eships and how if retained quality and funding compliance can be	
 An audit on Enrolment – Learner Journey Audit was reviewed. This was reasonable assurance with one medium and three low priority actions. Overall the College had a lot of manual processes compared to other Colleges and this needed to be considered by the College to see if changes and improvements were needed. 		
	public money requirements were considered and the College's policies updated to reflect the new requirements.	
concerns	nal audit tender was currently out and the committee had raised that due to the timing of the tender whether there would be sufficient achieve value for money.	
ECC/23/05/13.1	QD036 Whistleblowing as recommended by Audit Committee	
It was noted that	here were no material changes.	
Corporation reso by Audit Commi	olved to approve QD036 Whistleblowing Policy as recommended ttee

ECC/23/05/14.1	Curriculum Planning – Current Position	
income had been which were intend	lanning Chair presented the report. The significant risks to the College's highlighted at the meeting and operational actions had been agreed led to mitigate this risk. The Curriculum Planning – Current Position had he Committee's report to make sure the Board were appraised of the	
advised that it wa course to help en	ipal Curriculum and Strategic Partnerships presented the report and s crucial that the College recruited to plan with students on the right sure retention. There was now a separate plan for adults which had the regional and RCU data.	
Governors challenged how the devolution of the AEB funding to councils would affect the College's planning. The CEO advised that he was leading on this and it had been a very collaborative process with learning from authorities where this had already occurred, as the ILR and audit requirements were complex. It was proposed that the funding would be three yearly rather than annual with more flexibility than the current system, which would assist with the College's planning. The Counties had commissioned data to inform this devolution and it was agreed that this data replaced the need for the Learning and Work Institute survey on the Board's action plan. It was noted that this planning assumed that devolution occurs.		
Governors challer	nged the reasons for poor 16-18 recruitment. The Deputy Principal	

Curriculum and Strategic Partnerships advised that the College for the last two years had

not recruited to plan which has meant the College's market share had fallen. The 16-18 provision is getting smaller, resulting in smaller class sizes which are not financially viable. Qualification reforms and raised entry requirements implemented two years ago in preparation for T levels, have disrupted the course offer, consequently some students are now unable to enrol on certain courses. NEET numbers were also increasing which was a concern and the College was working with the Counties to try and address this.		
ECC/23/05/15	Review of Meeting	
Confidenti	al Items: Separate minuted items.	
	agement: any issues discussed which may require an additional ent: Cover report for the risk register	
	Diversity: any issues discussed which may require an additional Impact ent: Curriculum Planning and ensuring an inclusive curriculum.	
Health & S Assessme	Safety: any issues discussed which may require an additional Impact ent: None	
 Sustainability: any issues discussed which may require an additional Impact Assessment: Capital works, it should be remembered that the decisions taken now would have long term consequences for our energy costs. 		
	y issues discussed to inform local media: Best Companies and Annual need to promote success.	
	ne meeting go: It was useful to discuss provision at the start which had of the deep dives agreed at the Board's strategic away day.
