

ASPIRING CARE LEADERS

This is a Skills Bootcamp course to support those identified as progressing into roles within the care sector.

The college has devised a tailored programme to support the internal promotion of those working in the sector.

Delivery will be at the Energy Skills Centre, East Coast College Lowestoft Campus, as well as 1-1 mentoring.

Employer contribution will be discussed after the expression of interest. (small companies 10%, large company 30%)

Aspects will include:

- Face to face sessions as well as 1-1 mentoring (75 hours over a four-month period)
- The opportunity to boost your skills in order to work to a more senior level
 - Partnership working in the health and social care
 - Outcome based person centred practice
 - Risk based approaches
